REMUNERATION

How will your financial adviser be paid for the services provided?

Financial advice has value, but it also involves fees and charges. We are committed to transparency because we believe it's important that you're able to make an informed decision about our advice and its benefits. You may pay a fee for a service, and we may also receive commissions from product issuers, if you engage us to provide advice, implement our recommendations or act on your instructions. Rest assured that the relevant costs or fees will be discussed with you by your adviser before any services are provided.

Remuneration

The following is a schedule of the fees that are payable for our services and/or the commissions we may receive from product issuers. Note that you may pay a fee for a service and we may also receive commissions as a result of you accepting our recommendations. The costs applicable to the services you require will be discussed with you by Marion Deegan.

Paragem will pay Blue Edge Financial Planning, 100% of the fees and/or commissions detailed in this schedule. Paragem will charge Blue Edge Financial Planning for licensee services and is not linked to client revenue.

Marion Deegan is a director and employee of Blue Edge Financial Planning Pty. Ltd. and is remunerated by salary and bonus/dividends/distributions from Blue Edge Financial Planning Pty. Ltd.

We are predominantly a Fee for Service organisation. There are set fees for each service that I provide to you, and these fees will be agreed upon and confirmed to you prior to any service being provided. Current fees and charges are detailed below and are GST inclusive:

Holistic financial planning involves a multi- step process that takes you from the initial engagement process of collecting your personal and financial information right through to implementing our recommendations for your wealth strategy. This process can take 4 – 6 weeks. We also offer an Ongoing Advice Service after you have implemented your initial strategy.

Our fees are collected at various stages of the process.

Initial Engagement and Advice

Marion will discuss the fees for the Engagement Process with you and will be mutually agreed upon depending on the complexity of work to be done. We will provide you a written estimate before work commences.

We charge an hourly fee of \$440 inclusive of GST for the preparation of our advice.

As a guide, a comprehensive financial planning project (Statement of Advice) of average complexity may cost between \$5,500 - \$12,100 inclusive of GST. This fee normally includes the implementation of our advice.

Advancement through the process is accompanied by applicable progress payments towards our professional fees as follows:

Work Commencement	30%
Strategy Meeting	40%
Advice Presentation	30%

Please note that the Engagement Process fees still apply should you decide not to implement my advice. All advice fees are inclusive of GST.

Ongoing Advice Service and Reviews:

We offer a suite of ongoing advice and review services. This comprises regular reviews of your portfolio and strategy, email updates and newsletters, invitations to client briefings as well as easy access to your adviser for information and advice as required. The fee structure and service offering is derived from multiple considerations such as:

- the time and necessary expertise involved;
- the complexity of work and service level required;
- the level of assets that we are responsible for managing

Our ongoing advice and care packages range from \$4,000 per annum to \$16,000 per annum. Based on your personal circumstances, we will recommend a service level that best suits you. We will also recommend the most tax effective payment method for you. This may mean having your fees deducted from your investment funds and paid to me by product providers instead or being invoiced directly to you. All fees are inclusive of GST.

Note: Full details of all fees and commissions for financial services will be provided to you in a Statement of Advice (SoA), or Record of Advice (RoA) and Product Disclosure Statements at the time of receiving any recommendation.

COMMISSIONS

Insurance Products

Commissions can be received for life insurance products with the exception of life insurance implemented after 1 July 2014 for a member in a default superannuation or a group life policy in a superannuation fund.

There will be a 100% clawback of commission where the life insurance policy is cancelled, not continued or the policy cost is reduced in the first year and 60% clawback of commission in the second year.

If you choose to pay fee for service, we can rebate to you part or all of the commission we would otherwise receive for insurance arrangements.

In the interests of transparency, please understand that I will receive an upfront commission from the product issuer if you decide to buy a life risk insurance product I recommend to you. Commissions, whether up-front or ongoing, are paid to us by the Insurer.

I will receive an upfront commission of between 0% and 66% of the first year's annual premium, and then an annual ongoing commission of between 0% and 22% of the annual premium.

For example, for an insurance product with an annual premium of \$2,000, where the issuer pays me an upfront commission of 66%, I will receive \$1,320. The issuer will pay me 22% of the annual premium as ongoing commission for as long as you hold the product. Assuming an annual premium of \$2,000, this equates to \$440 per year.
